Money and Politics
Reading Questions for January 23

Reading: Fisman and Golden, Chapter 2

Class Journal Questions:

- What is the definition of corruption given by the authors? What are standards to judge whether something is corrupt or not?
- What are advantages and disadvantages of trying to measure corruption in direct and indirect ways, respectively?
- According to the chapter, what is the advantage of having close relations between business and politics, and what is the disadvantage?

Answers are due in your class journal by the start of class.
